Today's Topic

**How can Indian Suppliers Participate in
WIN-WIN Partnerships in the
Indonesian
Bus Industry?**

Multi Axle Wheel Aligner -2018 (International Patent including US)

Tyre Pressure Monitoring System (TPMS)

In short,

MaANATEC

is into TYRE CARE

Why Tyre Care is Important?

**Tyre cost forms the major share of maintaining any
automobile and in particular
Buses.**

Reasons for Tyre Wear

- Improper Tyre Pressure (Low or Excess)
- Improper Wheel Alignment and Wheel Balancing
- Poor Road conditions
- Improper Driving habits

***30% increase in Tyre life can be achieved by
addressing the above***

Actions proposed

- **Use TPMS to maintain Tyre Pressure**
- **Periodical Wheel Alignment and Wheel Balancing**

The benefits for Indonesian Bus industry

- Upto 30% savings in Tyre Cost
- Less Vibration and less damage to parts
- Safety against High Speed Braking accidents
- Less “Particulate Matters” in air and **Less Pollution**

THANK
YOU
